Survey regarding impact on Child Care Agencies
In the Phase 1 Full Day of Learning

	ABC Child Care	Beacon's of Light	Miss Helen's Place	Our Kids
1) Do you expect children from your centre to move to the Ministry of Education full-day learning program in September 2010? If yes, how many do you estimate will leave your centre?	YES--10	YES--There will be 11 children going into the full day learning Program from the centre	YES--8	Our boundaries will be changing , and some children must go to St Ben's, approx 5 children (whole centre)
2) Will the loss of these four and five year olds impact your centre's revenue? If yes, what percentage revenue loss do you estimate?	NO--We believe that we will be able to replace these children	YES--The percentage of revenue loss is estimated at 15%	YES--26%	Small %--but great impact on keeping room
3) Do you have a plan to address potential revenue loss associated with the Ministry of Education Early Learning Program? If yes, please describe.	N/A	YES--We are in the planning stages of retrofitting our preschool room into two toddler rooms	YES--Rearrange our facility to expand infant and toddler spaces and reduce preschool spaces	Possibly shut down our JK/SK wrap room all together, save lots of \$\$ (rent, staffing)
4) Has your centre had difficulty hiring and/or retaining Early Childhood Educators? How many Early Childhood Educators have you hired in the last year? Provide details.	NO--One, staff for educator on sick leave	YES--We have hired 3 E.C.E.'s in the last year. Staff have left to take other jobs at different centres. Have also had to let people go for various reasons	NO--One Early Childhood Educator returned in November following 12 month maternity leave - the ECE hired to replace her was kept on as permanent staff. In addition, one extra ECE was hired in May following the opening of the additional room to accommodate 6 infants.	I have 2 full time long term employees wanting to apply to work in Full Day Learning (these are the ones I know about). The pay difference will be almost \$8-\$10/hr more. We can't even find ECE fro call in work now.

Survey regarding impact on Child Care Agencies
In the Phase 1 Full Day of Learning

	Sunshine Corners	YMCA St. Joseph
<p>1) Do you expect children from your centre to move to the Ministry of Education full-day learning program in September 2010? If yes, how many do you estimate will leave your centre?</p>	<p>YES--3 JK/SK children attending at this time that will be attending the full day of Learning for September 2010</p>	<p>YES--Based on our current enrolment we will loss 5 JK/SK children and 5 school age children</p>
<p>2) Will the loss of these four and five year olds impact your centre's revenue? If yes, what percentage revenue loss do you estimate?</p>	<p>YES--10% of the revenue would be lost if unable to replace with younger preschool children</p>	<p>YES--The loss of revenue will be approximately \$12,200 for the JK/SK and \$3078 for the school age loss. I did not factor in the loss of pd days yet as it is still uncertain as to who will be providing this care.</p>
<p>3) Do you have a plan to address potential revenue loss associated with the Ministry of Education Early Learning Program? If yes, please describe.</p>	<p>NO--no plan in place</p>	<p>YES--We will be looking at filling any vacancies from within the community and also looking at the trends in child care to see what age group is underserved and needed within the community of Sarnia.</p>
<p>4) Has your centre had difficulty hiring and/or retaining Early Childhood Educators? How many Early Childhood Educators have you hired in the last year? Provide details.</p>	<p>NO--, however this could become an issue starting in September as staff living in Corunna and there is a full day learning program being offered in Corunna and also Brigden which is close by also. 1 staff hired to replace staff leaving.</p>	<p>YES--We have hired 5 staff in 2009 at St. Joseph's and 1 new supervisor (promoted from within). The area that we have the greatest difficulty in retaining staff is for our casual call in/supply positions and this is where we have the greatest turnover.</p>
